- FEATURE SPOTTER

Return your completed activity booklet to the Architecture Centre to collect your free building explorer badge.  
16 Narrow Quay, Bristol, BS1 4QA

## BRISTOL DOORSOPENDAY

Bristol Doors Open Day is a once-a-year chance to look behind closed doors and explore some of Bristol's most intriguing buildings – all for free.

[www.bristoldoorsopenday.org](http://www.bristoldoorsopenday.org)  @BristolDOD #BristolDOD  BristolDoorsOpenDay

**Bristol Doors Open Day is brought to you by the Architecture Centre**  
The Architecture Centre is Bristol's centre for architecture and design. Free exhibition gallery, events, family activities and learning resources.

[www.architecturecentre.co.uk](http://www.architecturecentre.co.uk)  @ArchCentre

Part of:

Use Bristol's buildings to explore architecture as part of your Arts Award.

Supported by: Ernest Cook Trust Designed by: Ralph Media

# BRISTOL DOORSOPENDAY

## FAMILY BUILDING EXPLORER

This activity booklet helps you discover Bristol's architecture. Explore the buildings of your city, record your answers, and return your completed booklet to the Architecture Centre to receive a building explorer badge.

Name:

.....

Age:

.....

My favourite Bristol building is:

.....

I like this building because:

.....

Remember to ask the staff and volunteers at each venue to help you.

## USE

Over time we often change what we use buildings for. Can you find a building that was built for one purpose and is now being used for a different one?

Building: .....

In the past it was used for: .....

It is now used for: .....

Can you find an interesting view of Bristol from one of the buildings you visit?

Building: .....

Sketch the view you can see:

## MATERIALS

Buildings are made of lots of different materials. Can you find a building that is made of 4 (or more) different materials? Write the materials here:

- Painting or sculpture
- Arch
- Stained glass
- Cellar or crypt
- Gargoyle
- Column / pillar

Can you find examples of the following building features? Tick the ones you find and write the names of the buildings you discover them in:

## FEATURE SPOTTER

Many buildings have repeating patterns on the inside or outside (e.g. bricks, tiles, plasterwork, flooring). Can you find an interesting repeating pattern?

Building: .....

Where the pattern is found on the building: .....

Sketch the pattern here:

## ATMOSPHERE

Buildings can have an atmosphere that affects your feelings. Can you find a building with a special atmosphere? List some words to describe how it makes you feel:

.....
